

Pokémon Indigo - How to get Celebi

1. **Go to Viridian Forest:** Head to the upper right part of the Viridian Forest.
2. **Clear the path:** You'll find stones blocking the path. Use the **Lens of Truth** to make them disappear and clear the way.
3. **Enter the Secret Grotto:** Once inside, you'll find a shrine with a description that reads "To catch TIME is your test." Sound familiar?
4. **Collect Unown:** You need to obtain four Unown with the letters T, I, M, E and put them in your party. This is different from the Spanish version.
5. **Celebi Appears:** Once you have the Unown in your party and interact with the shrine, Celebi will appear.
